K-Pipe 125

A totally kool entry into the mini-motorcycles market is the new **K-Pipe 125**, rolling on 17-inch wheels for added stability and feel. An accessory list is already available with machine-billet, parts by Composimo, shock by Gears Dynamics, SBS brake pads, JT Sprockets, and more. Priced to thrill enthusiasts, the K-Pipe is an outstanding value that can only be found at the intersection of Cost Ave. and Quality Boulevard. Features include push-button and kick-start, plus a semi-automatic transmission for clutchless starts. Today the streets, tomorrow the world; join the Kraze.
