People GT 300i

Lightweight and powerful, the **People GT300i** delivers confident, ultra-easy riding pleasure. The Step-through design provides effortless access, and the low weight results in a balanced, nimble design with neutral steering. Its 16-inch wheels give it exceptionally light handling yet solid stability. The dual rear shocks are adjustable for optimal balance. Included are a locking glovebox, backpack or helmet hook, and 12-volt outlet. Instruments include, speedometer, tachometer, odometer, tripmeter, clock, and fuel and temperature gauges. The People GT 300i comes with a roomy locking top box, plus locking under-seat storage, and is fully capable for two-up weekend touring or daily commuting. Available in Black or Matte White.
