IMPORTANT SAFETY RECALL

August 2020
20V350

NHTSA Recall#

Safety Recall: KYMCO Like 150i, Potential Anti-lock Braking System dysfunction

This notice is posted in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

What is the reason for this notice?

Kwang Yang Motor Co., Ltd. (KYMCO) has decided that a defect which relates to motor vehicle safety exists on all 2018 and select 2019 model year “Like 150i” vehicles. These vehicles have a magnetic ring in the speed sensor that may deteriorate prematurely causing ABS failure and the ABS light on the speedometer to illuminate. Without ABS, controlling the scooter in an emergency stopping scenario may be affected, increasing the risk of a crash.

What your Dealer will do.

Your KYMCO Dealer will repair your vehicle free of charge for parts and labor.

What you should do.

- You should stop using your Like 150 immediately, except to transport it to the dealership for repair.
- You must schedule an appointment with an authorized KYMCO dealer to have your vehicle repaired.

We recommend transporting your Like 150 to the dealership for the service update.

- If you choose to drive your Like 150 to the dealership for the service update, please note that the ABS system may fail and affect your front brake system. Under no circumstance should the maximum speed exceed 30 mph while operating the vehicle.

Additional contact information:

Toll-free at 888-716-0427 between 9 a.m. and 5 p.m. ET Monday through

KYMCO
